

POULIN ON STAND AS CASE NEARS END

U. S. WILL ACT AGAINST BOOZE, ALIENS, DRUGS

Government Forces to be Directed Against Smuggling Along Borders.

SITUATION IS ALARMING

Unite Police Forces in Effort to Check Widespread Law Evasions.

WASHINGTON, Sept. 24.—(By A. P.)—Consideration is being given by the labor, treasury and agricultural departments to the coordination of all the federal police forces along the nation's borders to the end that smuggling of narcotics, liquor and aliens may be more effectively checked.

Faced with a situation which has been described in some government reports as alarming, a committee of representatives of the three departments and of the department of justice, it was learned today, has completed an investigation and reached the conclusion that there must be closer co-operation between all federal government forces if the international borders are to be properly guarded.

The recommendations of this committee, which was headed by Commissioner General Husband of immigration, have been presented to the secretary of the department of justice, it was learned today, and will be considered by the heads of the other departments controlling the various patrol forces.

Department to Co-operate. "Irregular entry of alien labor and other aliens from Mexico, the smuggling of liquor and shooting affairs which jeopardize the lives of government officers," the committee reported, "would seem to indicate that the proper enforcement of federal laws necessitates the cooperation of the various governmental departments."

The committee in this connection, pointed out that the Canadian and Mexican borders were being patrolled by the United States public health, the customs, the prohibition enforcement and immigration services, the coast guard and the federal horticultural police. Coordination of these federal police forces, Commissioner General Husband reported on behalf of the committee would "seriously curtail the bootlegging industry and minimize smuggling of drugs and aliens across the border. With police powers alike for customs, prohibition and immigration inspectors and representatives of the department of agriculture, the border patrols would constitute, it was said, (Continued on Page Two.)

CHARGE BRUNDAGE SWAYED GRAND JURY

Miners' Counsel Says Herrin Grand Jury Report Drafted by Attorney General.

MARION, Ill., Sept. 24.—(By A. P.)—A. W. Kerr, chief counsel for the Illinois Mine Workers union today issued a statement charging that the report of the special grand jury investigating the Herrin mine killings, which presented a partial report yesterday, "bears all the earmarks of having been drafted by Atty. Gen. Brundage of Illinois, in collaboration with the Illinois chamber of commerce."

Declaring that "the attorney general is openly financed by the Illinois chamber of commerce, an organization whose only record is that of an effort to destroy labor," the statement charged that Mr. Brundage had given instructions to the grand jury through the press instead of delivery of the instructions secretly. The report of the grand jury, which receded for a month after assuming the "state administration" Adjt. Gen. Black of Illinois, Sheriff Melvin Thaxton of Williamson county and "local police," Mr. Kerr charged, "was drafted in advance" by the attorney general, who was in charge of the inquiry into the killing of 22 persons at the Lester strip mine near here last June 21 and 22.

About 30 of the 44 men indicted for murder by the jury and held in the county jail are expected to be brought in court tomorrow and be given an opportunity to plead. All expected to plead not guilty. The other 14 men have not been apprehended.

After the men plead not guilty Judge Hartwell, it was said, then will rule upon the state's motion for both the defense and the state have agreed to give bail to all of the indicted men except those who are considered the ringleaders.

PASSENGER INJURED IN PECULIAR ACCIDENT

ATLANTIC CITY, N. J., Sept. 24.—Struck by a grease cup, apparently thrown off by one of the wheels on a Camden-Atlantic City electric train, Alfred Wallis of Philadelphia, a passenger, was seriously injured tonight. Wallis was sitting close to a window when the cup came hurtling through it, striking him on the head. He suffered a fractured skull and broken nose. He was taken to the city hospital here and it is said he has an even chance for recovery.

British Torpedo Boat Sinks, 10 of Crew Die But Eight Are Saved

LONDON, Sept. 24.—(By A. P.)—The British torpedo boat Speedy sank early today in the sea of Marmara as the result of collision with a Dutch trawler, says a Reuters dispatch from Constantinople. Ten of the destroyer's crew were drowned and eight saved. The Speedy sank within seven minutes.

CARRIERS EXHAUST FREIGHT CARS, DUE TO FUEL AND CROPS

Present Situation Seasonable—Motive Power is Crippled by One-half.

NEW YORK, Sept. 24.—(By A. P.)—The railroads have exhausted their surplus freight cars for the first time since November, 1920, owing to increased industrial activity throughout the country the Association of Railway Executives announced today.

The increase in the movement of crops, fuel and other commodities always brings a heavier demand for freight cars. In the fall, a statement said, so that the present situation is considered seasonable and normal. The prospect of a car shortage was not referred to by the executives.

"On September 8, there were 42,168 surplus freight cars, 27,287 fewer than on August 31," the statement said. "At the same time there were requests from shippers for 67,889 cars more than on August 31."

"Surplus coal cars numbered 34,685 on September 8, a reduction of 19,321 since August 31, while undistributed orders for cars on that date totaled 18,554 cars. Surplus box cars totaled 2,187 cars, a reduction of 1,709 in the same period, while undistributed orders for cars on September 8 totaled 29,925."

Motive Power Idle "While the accumulation of surplus freight cars began in November, 1920, the peak was not reached until April 8, 1921, when there were 297,427 cars. Since then there has been a steady decrease which has been more pronounced since April this year, when loading of revenue freight began to increase."

The demand for the carriers to haul bumper crops combined with the emergency movement of coal, has centered attention also on the depleted motive power equipment of the roads which has been affected by the shipmen's strike. The association's last report placed the number of locomotives unfit for service at more than 20 per cent in August. Since then a large number of locomotives have been retired for repairs. Some railroad officials admitted today, estimating that approximately one half of the road's motive power is unavailable for use in the present emergency.

The need for more locomotives to move the congestion of freight on nearly every main line in the country is giving greater concern to railroad officials, it was said, than the possibility of a car shortage.

ARMED MEN RAID JAIL AND FREE HOLDUP MAN

ST. PAUL, Minn., Sept. 24.—(By A. P.)—Twelve armed men raided the county jail last night, overpowered and locked two deputies in cells and freed John C. Ryan, held in connection with the holdup of a theater. The deputies called the fire department and were released 15 minutes afterward.

Two men told officers they were federal officers, and had two prisoners to put in jail. The supposed federal officers with their prisoners, when admitted to the jail, drew pistols, covered the deputies and admitted eight confederates.

Ryan, who was shot during the theater holdup, escaped on crutches to a waiting automobile and the gang made their escape.

TWO KILLED, ONE HURT IN ACCIDENT

Tractor Line Strikes Automobile—Enroute to Wedding Jubilee.

PORT WAYNE, Ind., Sept. 24.—(By A. P.)—Mrs. Mary Hall, 68, of Lafayette, O., and Lawrence D. McClure, 31, of Lima, O., were instantly killed, and Joseph Hall, 73, was injured when their automobile was struck by an interurban car on the Port Wayne and Lima traction line five miles east of this city at 9:45 this morning.

The party was enroute to Whitley county to attend the golden wedding celebration of Mr. and Mrs. A. McKinney. Mrs. Hall and Mrs. McKinney being sisters. Another car bound for the same place got over the tracks in safety and the occupants, including McClure's mother were witnesses to the crash.

THREE BURNED TO DEATH. CASPER, Wyo., Sept. 24.—(By A. P.)—Three oil workers were burned to death and two others were injured when an oil rig on a lease of the Midwest Oil Co. in the salt creek field burst into flames after a terrific explosion.

POLICE FAIL TO SOLVE MYSTERY OF DUAL DEATH

Clews Provide Investigators With Theories and Very Little Else.

SUSPECTS ARE ABSOLVED

Despite Secrecy Thrown About Operations No Fresh Clues Develop.

NEW BRUNSWICK, N. J., Sept. 24.—(By A. P.)—The authorities of two counties tonight admitted that every clue concerning the double murder of the Rev. Edward W. Hall, rector of the church of St. John the Evangelist, and Mrs. Eleanor Mills, the wife of the church sexton, whose bodies were found under an apple tree a week ago Saturday, has carried them time into nothing more than a labyrinth of theories, leading nowhere.

A fact that the drama that preceded the death of the rector and the sexton's wife, would never be recounted seemed evident in the minds of the detectives on the case tonight.

Mrs. Hall, the widow of the murdered rector, has been tacitly absolved of connection with the crime. Questioning by detectives has resulted in an explanation satisfactory to them of Mrs. Hall's time from Wednesday, the day before the double murder is believed to have been committed, until Saturday when the bodies were found.

Not one person as yet thrown into the limelight of the investigation has been judged of sufficient value to the prosecution to warrant being held. Henry Stevens, brother of Mrs. Hall, returned here today after week spent in New York where, he was packing for a trip to Europe. Officials of neither of the two counties prosecuting the case have concerned themselves with him, because "if the fact that he was in Lafayette, N. J., on the night of the double murders."

The demand for the carriers to haul bumper crops combined with the emergency movement of coal, has centered attention also on the depleted motive power equipment of the roads which has been affected by the shipmen's strike. The association's last report placed the number of locomotives unfit for service at more than 20 per cent in August. Since then a large number of locomotives have been retired for repairs. Some railroad officials admitted today, estimating that approximately one half of the road's motive power is unavailable for use in the present emergency.

ATLANTA FIRE LOSS IS NEAR MILLION

Authorities Begin Investigation to Determine Origin of Disastrous Blaze.

ATLANTA, Ga., Sept. 24.—(By A. P.)—City firemen still were on duty tonight guarding the smoldering flames of a fire in the heart of Atlanta's business section which early today caused damage valued at \$700,000 to \$1,500,000. The fire, which started in the Kress building, a complete store, was almost completely gutted while Elemen's clothing store and Child's hotel were damaged badly. Other adjacent buildings sustained heavy damage from smoke and water.

Police and fire department officials are investigating the cause of the fire which they stated apparently resulted from an explosion on the second floor of the Kress building. G. Gifford, resident manager of Kress, stated there was nothing on the second floor of the building to cause an explosion.

The flames spread rapidly from the Kress building to the L. F. M. store, and the rear of Child's hotel; almost 300 guests, scantily attired were driven from the hotel. From the L. F. M. building, the flames reached Elemen's store and gutted the second floor. Firemen concentrated their fight on these four buildings and shortly before 2:30 a. m. had the flames under control.

MOTHER TO CONTINUE FIGHT TO FREE BRYSON

HUNTINGTON, Pa., Sept. 24.—(By A. P.)—Before leaving tonight for her home in Washington, Mrs. Elizabeth Bryson, the aged mother of Dr. Herbert Bryson, convicted yesterday of second degree murder in connection with the killing of Mrs. Helen Irene Haines, declared that "an innocent man" had been convicted "and" she added, "it is our purpose to continue to fight for his freedom. I had thought my son was seeking rest and recuperation for his mental and physical depression when he was in seclusion with Mrs. Haines."

During the closing arguments of counsel Dr. Bryson sat in his chair, apparently sound asleep and then the court bell announced the jury had agreed, he had to be roused from sleep on his jail cot.

Counsel for the defense said to-night every effort would be made to obtain a new trial. Ten days were allowed by the court for the filing of a formal application.

The French champion appeared

Idol of France Vanquished

GEORGES CARPENTIER

Parisian Crowd Stunned as Siki Knocks Out Carpentier

Dusky Senegalese Fighter Gives Georges Terrific Beating, Bout Ending in Sixth With Frenchman Never Having Chance After Third—Victor Now After Dempsey.

PARIS, Sept. 24.—(By A. P.)—Georges Carpentier the heavyweight champion boxer of Europe, and idol of France, was knocked out today by Battling Siki, the Senegalese fighter, in the sixth round of what was to have been a 15-round bout. Carpentier never had a chance after the third round. He was barely able to respond to the bell at the beginning of the sixth. With his right eye completely closed and his nose broken he was unable to put up a guard.

In the sixth the negro fighter planted a series of terrific rights to Carpentier's head, and the French idol crumpled to the floor. One of the legs caught between the legs of the Senegalese while he was falling.

Uproar at End. The crowd, the largest that ever witnessed a boxing contest in France, sensed the end. All was uproar. Many men jumped in the ring and carried the Senegalese on their shoulders to his corner.

The referee, Harry Bernstein, at first ruled that Siki had been disqualified for "tripping" but the throng which considered that Carpentier had been unfairly beaten, a man received the decision with a great chorus of hoots and jeers and even threatened the referee with bodily harm. The three judges of the fight, Victor Bryer, Jean Pupiot, Frenchman and Mr. Bennison of London, heard in consultation. An hour later they declared the negro the winner. Their verdict was received with terrific cheering from the spectators who had remained in the arena for it, many or them in an ugly mood. Carpentier had been hoisted by large numbers of the crowd as he was taken from the ring to his dressing room.

The defeat of Carpentier was entirely unexpected. Carpentier was the favorite when the men entered the ring and the crowd was dumbfounded when they saw their idol pummeled all over the ring and subjected to terrific punishment at the hands of the big black.

Carpentier tried every trick of his ring knowledge to stave off defeat. Twice he was warned for butting during the fifth round. It seemed evident that he was anxious to be disqualified by the referee rather than to suffer the ignominy of a knockout. When his subterfuges became apparent the crowd, which previously had been "pulling" for him jeered and hooted and cheered the negro.

Siki Timid at Start. When the gong sounded at the commencement of the fight Siki appeared timid. He covered up in fear of Georges' "terrific right."

The Senegalese, however, seemed to take courage after having received four rights to the jaw, which failed to make the slightest impression on him. Carpentier's face took on a puzzled look as the burly battler took the blows and came back looking for more.

So confident was Carpentier of ultimate victory, however, that he was smiling as he went to his corner when the gong ended the first round. "I'll get him whenever I want to," he said to Francois Deschamps, his manager, and trainer.

The crowd evidently was of the same opinion as Carpentier. For it justly cheered Georges, the Senegalese, not having landed a solid blow up to that time. "Georges is letting him stay for the moving pictures," was an expression heard from various spectators. The big Senegalese evidently was considered a kind of sacrificial offering to the prowess of Georges for the edification of the boxing enthusiasts.

The French champion appeared

In the fifth, Siki again sprang to the offensive from his corner, intending quickly to polish off the Frenchman. Carpentier met the attack with a low blow and was warned by Referee Bernstein. The low blow seemed to enrage Siki, who

MOSLEMS QUIT NEUTRAL ZONE AFTER INVASION

British Commander Warns Forward Movement Means Hostilities Commence.

RETREAT UNDER FLAG

Political Situation is Much Clearer for Allies Because of Attitude.

LONDON, Sept. 24.—(By A. P.)—The agreement of the allies on the political side of the near eastern problem leaves the situation much clearer and transfers the interest to the Dardanelles, where today's news proves the combustible nature of the problem to be solved there.

The British officials announce that a Turkish force of 1,100 cavalry, which crossed the neutral zone at Chanak Saturday night retired today on Barmak following a meeting at six o'clock this morning between the commanders of the Turkish and British forces. No shots were fired. The Turks retired under a white flag.

The Turks stopped their advance when the British notified the Turkish commander that a further forward movement would cause the British to open fire.

The Turkish ultimatum allowed until five o'clock yesterday afternoon for guarantees respecting the return of Thrace and it was because no guarantees were forthcoming that the Turkish cavalry crossed the border.

British Criticize Actions. This incident, while seemingly displaying the prudence of the Kemalists in not precipitating a conflict, will undoubtedly be seized upon by those critics of the government at home who call for British evacuation of the Chanak zone as the French and Italians have already evacuated believing that the presence of a British garrison there is likely to provoke just such occurrences, and angering the preservation of peace.

These critics are apprehensive that some similar incidents will happen when the Turks may be disinclined to withdraw, as they did today. The note of the allies has gone forward to Mustafa Kemal Paasha at Smyrna, but a reply is hardly expected until the French representative, M. Franklin-Bouillon has had time to confer with the national leader, according to a Paris dispatch received in London, Kemal

NO PROTEST OVER INJUNCTION FORM

Rail Craft Attorney to Withdraw Action Pending Appeal to Higher Court.

CHICAGO, Sept. 24.—(By A. P.)—There will be no protest by the railway shop craft against the form of the order in the injunction case against the strikers, Donald R. Richberg, attorney for the unions, announced tonight.

As a result, it was explained that Federal Judge James H. Wilkerson will accept the proposed order drawn up and presented to the court last week by the government. This would mean that there would be no modification of the present temporary restraining order.

Mr. Richberg stated that he would raise no objections to the form of the restraining order, but would withhold all action until he appeals Judge Wilkerson's decision to the circuit court of appeals next month on the grounds that the district court did not have the power to issue such an injunction.

The case will come up in district court tomorrow morning simultaneously with the hearing before the United States railroad board of an increase in wages. The wages of the signal men were cut at the same time as those of the shopmen, but the former decided not to strike when they were promised a rehearing on the decreases.

PROHIBITION HEAD TO SEEK APPROPRIATION

WASHINGTON, Sept. 24.—(By A. P.)—Prohibition Commissioner Haynes will seek an appropriation of \$9,125,000 for the enforcement of the federal dry laws during the next fiscal year, 1924. It was stated today at the treasury.

Estimates prepared for the budget bureau, prohibition officials said, carry this amount, which is approximately the same sum authorized by congress for this purpose during the current fiscal year.

Mr. Haynes was declared to take the view that while a larger sum could be utilized in suppressing the liquor traffic, the equivalent of the amount now being expended would enable the prohibition unit to carry on all the activities now in force.

G. O. P. LEADER DEAD SYRACUSE, N. Y., Sept. 24.—(By A. P.)—Elihu R. Brown, of Watertown, former republican leader of the state senate and prominent in the councils of the party, died suddenly late today at Fox Island, a private hunting and fishing preserve off Cape Vincent.

Gets 10 Lashes On His Bare Back For Licking Nag Until Blood Comes

ZION CITY, Ill., Sept. 24.—(By A. P.)—Arrested for beating his horse until the blood ran down its sides, Clarence O. Ellis, a farmer, was sentenced to receive ten lashes with his own whip. The sentence was carried out by Theodore Becker, chief of police, after which he was set free.

ARMY BOARD PROBE OF PLANE TRAGEDY WILL START TODAY

Crash Cost Lives of Six Men, One of Whom Was Stowaway on Bomber.

MINEOLA, N. Y., Sept. 24.—Preparations were under way today for an army board inquiry into the crash of a Martin bombing plane which killed six army men at Mitchell field last night at the conclusion of the mimic air attack on the land forces at the cantonment. Maj. Weaver, commanding the field will appoint a board of army officers tomorrow to hold an inquiry into the crash case of which it was said probably never would be known.

One of the six victims, it was reported unofficially at the field was a "stowaway." Those killed were: First Lieut. Raymond E. Davis, a regular army pilot, of Langley field.

First Sergt. Thomas Benfield of Chicago. Corporal David H. Stevens, New York.

First Class Private Edward Kane, who left no home address. Private Harry J. Nichols, route three, Carlisle, Pa.

Private Irving M. Whitney of Ashburnham, Mass. All but Lieut. Davis were stationed at Mitchell field.

Whitney, it was unofficially reported at the field was a stowaway. An unofficial checkup of post-mortem statements of the victims of the tragedy, failed to show that he had been assigned as one of the men to man the bomber in her turn of the field. A point most often stressed by army officers in discussing the tragedy is that the bomber was beyond the field of powerful searchlights which were used by the "blue" or defensive forces in the maneuvers. It was at first believed that Davis had become blinded by the brilliancy of the shafts of lights which crossed the dark sky.

"Just another of those air tragedies which probably never will be explained," Maj. Weaver said in his brief official announcement of the accident.

BIG FOUR STRIKERS TO RETURN TO WORK

INDIANAPOLIS, Sept. 24.—(By A. P.)—Letters authorizing striking shopmen of the Big Four railroad here and the railroad representatives under terms of the Jewell-Warfield Baltimore agreement, were sent out today by strikers' representatives. Big Four executives were notified their terms were accepted. The negotiations between the union leaders and the railroad representatives had been going on for several days, in an effort to straighten out local differences. The agreement was reached shortly after midnight last night.

Under provisions of the settlement 1,500 strikers will resume their positions within 20 days.

ELKHART MAN KILLED WHEN STRUCK BY TRAIN

LAGRANGE, Ind., Sept. 24.—(By A. P.)—Dr. Frank Randolph, 57, of Elkhart, was fatally hurt late today when his automobile was struck by a G. R. & I. freight train at the Michigan at crossing here. He died a few minutes after the accident at the hospital here. Dr. Randolph was deaf and his failure to hear the warning signals is given as the cause of the accident.

BRITISHER ATTACKS U. S. ON DEBT ISSUE

Declares Government Attitude is "Aloof"—Pay Pershing Tribute.

LINCOLN, Neb., Sept. 24.—(By A. P.)—Hon. Harold Spender, editor of the Westminster Gazette, who is a member of the delegation from England and Canada, representing the Sulgrave Institution, took the United States to task last night for demanding from England payment of the war debts.

In a short speech, Mr. Spender declared the "only thing we now hear from Washington in this time of stress and danger is that you want us to pay the money we owe."

He declared that the American people did not realize the tragic nature of the developments in Turkey and pictured England as standing alone in "one of the greatest crises in history."

While deploring the attitude of the United States, which he characterized as "aloof," the members of the delegation paid unanimous tribute to Gen. Pershing, referring to him as one of the foremost military authorities of the age.

ACCUSED TO BE FINAL WITNESS IN OWN BEHALF

Prosecution Expected to Make Vigorous Attempt to Break Down Testimony.

MAY CONCLUDE TODAY

Hearing of Testimony May Be Completed—Decision is Expected Friday.

Harry Poulin, when he takes the witness stand today, will be the last witness for the defense.

His testimony and that already given by kinfolk and friends, Poulin's lawyers hope, will establish that alibi which will acquit him.

Step by step the defense has been working up to the dramatic. It was Mrs. Poulin who testified that her husband was with her at church on those nights during the Lenten season, when Mrs. Tiernan charged that the first of love trysts began and continued. It was Mrs. Joseph McCaffery, Poulin's sister, who remembered that Poulin was at the family home in August the time when Mrs. Tiernan says that Harry took her to his home and in the children's bedroom had love communions.

Others have corroborated this. Now the last step for Poulin remains, his evidence is needed for the complete establishment of the alibi.

Expect Severe Grilling. When Poulin testifies he must be prepared to face a cross-examination more severe than that given any other witness. Judge Jellison will attempt to break beneath the nonchalant demeanor that Poulin has manifested since the hearing began.

Attempts to confuse the witness, to tangle him in his testimony, to discredit him, all the ploys that were brought to play on Mrs. Tiernan when she was making her charges, will be tried.

The end of the case is in sight. Mr. Jellison believes that Monday night should conclude testimony. That statement indicated that the rebuttal offered in behalf of Mrs. Tiernan would be short, for Poulin's examination will occupy much time, especially if the usual number of legal quibbles develop.

By Tuesday the case should be in the hands of Judge Ducomb. It is certain that he will take it under advisement. His decision, expected about Friday, will conclude the preliminary hearing, the first of its kind which Poulin attends. A married woman charges another married man as being the father of her infant.

At the Tiernan household last night, telephone communication developed that the case would be heard. The husband are busy preparing for the second trial. A foregone conclusion that the case will go at least to the circuit court and possibly higher, the second trial which will go much farther in establishing the testimony of illegitimacy of Baby Bill and it is in preparation for this that the Tiernans are now directing their objective.

Plan Blood Tests. It is in this connection that Prof. Tiernan plans to use blood tests, which he feels, more than circumstantial evidence presented will go further in dissipating the reasonable doubt to which an accused is entitled.

On Tuesday in all likelihood will be brought into play the oratorical ability of the four lawyers engaged in the case. Argument, the concluding step before case is submitted to Judge or jury, will be brief. In fact, Mr. Jellison said last night he was willing to submit the case to Judge Ducomb without argument if the other side agreed.

Samuel Parker, chief of Poulin's defense counsel, during the process of the trial declared that he hoped arguments would be limited to an hour for a side. Such a length of time, he added, was adequate for summing up the evidence.

Callers were numerous at the Tiernan home yesterday afternoon and evening. Many were women who came to extend Mrs. Tiernan their sympathy to applaud her brave stand in baring to the world the facts of her ill-fated love.

One was a woman of South Bend of decided influence, Prof. Tiernan said last night. She extended her sympathy, and discussed the case for 15 minutes, it was said at the Tiernan household.

Will Join Parish. Prof. Tiernan said that next Sunday both he and Mrs. Tiernan expected to become permanent members of St. Joseph's parish, the parish which Poulin attends.

Mrs. Tiernan did not attend after her difficulty with Harry Poulin. Mr. Tiernan said, "I was a communicant at Notre Dame. We both expected to go to St. Joseph's Sunday. So confident am I of the outcome that Mrs. Tiernan and I will attend church there."

A development over the week-end displeasing to the defense is the report that Mrs. Senrich, who fainted away in the office of City Clerk Gladys Monroe Saturday morning

THE WEATHER. Indiana: Fair Monday; cooler in extreme east portion; Tuesday fair; slowly rising temperature in north and central portions. Ohio: Fair and cool; Wednesday fair and cool; Thursday fair and cool; Friday fair and cool; Saturday fair and cool; Sunday fair and cool.
